* Blobs can be overlapped. You have a limited amount of pieces so you must prioritise your actions. You can also choose to not use all of them.

Discuss: How do you want these activities to interact?

How are they interacting with the existing features of the street?

STEP 3: Iterate (10 min)

How should the street be designed from their perspective?

Modify your existing section embodying this new persona.

Take turns to pick a VERB from your brainstorm, and fill in the blob stickers with your activity and any other quality you wish to detail, using the following colour code:

STEP 2: Dream (20 min)

STEP 4: Present (10 min)

Pick a team representative(s) and share with the rest of the groups the key features of your proposal (in 2 minutes!)

Take notes of the group beside you considering the following step >>

STEP 5: Intersect (10 min)

Discuss with your neighbour what you would like to do in your shared section.

What are YOUR team values? Choose 6 that most resonate. You can pick from the values on the left, or create your own.

This instruction zine has been developed and tested out through Co-Lab for Cardigan, as part of our Cardigan Commons research.

Play with our zine and collectively envision the commons.
Take a picture of both sides of this zine, and send them through to melbourne.placelab@rmit.edu.au

Discuss what these mean to you. Would you add any other VALUE?

Results from Co-Lab / 20-21 Sep 2023

What is the street of your wildest dream?

We want to know how you want to live, work, and play in the city.

What does the future Cardigan Street feel like?

What does it look like?

What do you want to do here?

What would make the street come alive?

Describe the Cardigan Street "of your wildest dreams" in just a sentence.
(Go on, give it a go. Go wild!)
